Terms

Closing Dates/deadlines: Closing date is the 5th of the month prior to publication. This is the deadline for all ad changes and cancellations. The publication is normally scheduled to be mailed the first week of each calendar month. Exact mailing dates are not guaranteed.

Billing: All advertisers will be billed at the open rate unless there is a signed contract or insertion order for multiple insertions.

Advertising acceptability: The final decision on the acceptability of an ad for publication is made by the editorial board of *Advocate* and not by its agent, Neubauer & Associates, Inc. In general, any advertisement by an attorney or legal services provider that is boastful about the dollar amounts of verdicts or settlements will not be accepted. Advertisements which disparage the legal profession or a particular attorney are not acceptable.

Mechanicals

Format & paper: Coated stock. Trim size: 8.125" x 10.5." There are two options for full page ads: 7.5" x 9.6" **OR** for no additional cost bleed off the page for which the dimensions are 8.375" x 10.75."

Ad preparation & file specs: Our magazine is output from hi-res pdfs at 1200 dpi/175 lpi to produce as high quality an image as possible. When providing your own artwork, be cautious of small digital images taken from Web sites. While acceptable for on-screen viewing, these graphics are often undesirable for printing.

Electronic copy: *Advocate* magazine accepts both PC and MAC files on removable media (CD or ZIP), by email (10MB limit) or via FTP (please contact us for username and password to upload your artwork). If you plan to e-mail, we recommend compressing your files (WinZip or Stuffit) and send to artist@theadvocatemagazine.com. We commonly work with file formats like press-ready Acrobat files (.pdf), .ai, .eps, .qxd, .psd, .jpg, .tif and .bmp. If your ad requires specific fonts you must include them with your files, otherwise similar fonts may be substituted. **Color proofs** should be sent along with your digital artwork. This is very important as on-screen colors may look very different once printed. The publisher cannot be held responsible for inaccurate color printing if no color proof is provided.

Use of solids or "reverses" in ads: As a general rule, we feel reverses (white type on solid background) tend to "shout" at the reader. No more than 50% of the ad should be a solid color or use reverse type. Screens above 40% are considered a solid. This rule does not apply to full page ads.

Graphic design services: Our art department can design and typeset your ad. Simply sketch out your ad ideas and include whichever copy or graphics you wish. We have a high-quality scanner, or, if you are sending us digitized logos or photographs, please provide us with high resolution files (300 dpi at 100% for photos; 600/1200 dpi for line art). For ads created in Photoshop, 300 dpi is the suggested minimum image quality. Lower than that is not recommended.
